

Rozanne F. Redlinski - Secretary

Master Level Official

Specialties: EDM, Horizontals, CE, Throws

I am running for Secretary of the Niagara Association for the simple reason that I want to give back to the Association that has helped me achieve many of my goals. As some of you know, I have recently retired from teaching have moved to Tennessee. I plan to keep my membership in the Niagara Association because the wonderful members of this Association have helped me reach the Master level and have introduced me to some of the best officials in the world. When I look at our Association, I see a great percentage of our members involved in meets all over the United States. I see coaches and officials involved in making the decisions for the future of our sport in the US and the World.

I have been asked to serve as the Secretary for the National Organizational Services Committee and hope to use this position to better communicate the National level decisions to our Association.

Even though there are many miles between us, I hope to fulfill all the obligations of the secretary's position and stay as involved in the Association as possible. With the development of computer programs (such as ZOOM), I will be able to attend the board meetings and hope to be officiating in some of the meets hosted by the Association.

I respectfully ask that you vote for me for the Secretary's position.
